KNOW YOUR EMPLOYEES

The Incode Omni Platform confirms that your on-site and remote employees are who they say they are. It automatically verifies employee identities using data from identity documents, facial biometrics, and Systems of Record.

FAST AND EASY TO USE

- **Automated image capture** speeds entry, reduces employee frustration and abandonment
- Contactless entry via **employee smartphone**
- **Biometric** authentication after employee verified

SECURE AND ACCURATE

- **Privacy** by design Incode-developed core algorithms remove threats from manual verification
- **Facial biometrics** NIST (1:1 and 1:N) and iBeta (Level 2) tested.
- System of Record checks
