HEALTH CARE

FRAUD PREVENTION

Prevent identity theft and healthcare fraud with accurate document and AI-driven identity verification.

OPERATIONAL EFFICIENCY

Enable self-service capabilities for patients and reduce the time and cost of manual healthcare administration.

SEAMLESS ACCESS

Provide instant access to remote healthcare using facial recognition identity verification solutions with iBeta-confirmed passive liveness technology.

GET IN TOUCH

HOW IT WORKS: ONE IDENTITY ACROSS EVERY INTERACTION

1
Applicant registers online and scans ID.

2
User accesses the service with a selfie.

3
User checks in with their face.
